

REGISTRATION RULES AND FEES

1. ELIGIBILITY FOR REGISTRATION FOR PURE-BREDS

- 1.1 Only the progeny of a sire and dam both of which are already registered with an approved Morgan Horse Society shall be eligible for registration.
- 1.2 Progeny born with use of chilled/frozen semen require extra documentation - apply to the Registrar

2. REGISTRATION REQUIREMENTS

- 2.1 All applications for registration must be made on, and in accordance with the official form (which may be obtained without charge upon request, and must be accompanied by the application fee.)
- 2.2 Every application for registration must be executed with the personal first name signature or signatures of the registered owner or owners of the dam at time of foaling and have duly executed certificates of service appended if the owner(s) of the dam was not also owner(s) of the stallion at time of service.
- 2.3 DNA Identification is MANDATORY.

3. REGISTERED NAME

- 3.1 The complete name shall not exceed twenty-five (25) spaces, including letters and blanks
- 3.2 A name which has been previously used for a registered Morgan, or a name deemed by the Registrar to be confusingly similar to a previously used name or otherwise unsuitable, shall not be used. A previously used name, followed by "Second", "Third", and "Junior" shall not be used

MULTIPLE OWNERSHIP

Joint tenants with rights of survivorship means authorisation passes automatically to survivor(s) on death of any of the joint tenants.

Tenants in Common means authorisation passes to the legal representative of the deceased tenant's estate.

CAUTION

Responsibility for correctness of pedigree rests entirely with the applicant for registration.

The British Morgan Horse Society is not responsible for any erroneous statements made upon the application blank. Should any animal be registered or transferred through misrepresentations or fraud, the entry or transfer thereof shall be void, together with any entries that may have been made of descendants of such animal.

If anyone knowingly makes a false statement in order to enter an animal, his entry will be expunged, and he will be debarred from making entries in the future. All attempts at fraud will be exposed when detected.

When entries or transfers are made, the certificate given by the Registrar shall constitute a receipt for the fees, but such certificate shall not be binding on the corporation in case of error.

Registration applications should be sent direct to the BMHS Registrar,

BMHS Registrar
Monnington Court, Monnington-on-Wye
Hereford HR4 7NL

ACCOMPANIED BY THE FEE or PAYMENT MADE BY BACS

DEFINITIONS OF COLOUR

Chestnut: Shades from golden red to dark reddish brown. Mane, tail and legs are not black but are the colour of the body or shades darker or lighter.

Brown: Black with light mealy areas at muzzle, eyes and inside of legs.

Bay: Reddish shades from reddish tan to dark mahogany brown. All bay horses have black manes and tails and black legs below the knees and hocks.

Black: True black without any light areas

Buckskin: Darker shade of dun with black dorsal stripe, black mane and tail and black on lower legs.

Grey: Mixture of dark and white hairs, with white hairs predominating as the horse ages

Palomino: Very pale creamy yellow to golden yellow. Flaxen, silver or white mane and tail

Dun: Yellowish with darker dorsal stripe and sometimes stripes on legs. Mane and tail not black.

DEFINITION OF TERMS

Pastern: A white marking extending to the top of the pastern.

Fetlock: A white marking extending to the top of the fetlock (ankle).

Sock: A white marking extending to midway on the cannon.

Stocking: A white mark extending above midway on the cannon

Coronet: A white marking extending to approximately 1" above the hoof.

Heel: A white marking found on the back of the foot.

Star: A white mark on the forehead, located above a line running from eye to eye

Strip: A white marking extending from the line of the eyes toward the line running from nostril to nostril

Snip: A white or flesh mark between the nostrils or on the upper or lower lip

Spots: Pigmented spots located within white
